Mission Scanner (MS) Aircew Rating

Prerequisites/On-line Tests

- **CAPT 116**-General ES Rating under *Emergency Services* in **LMS** (does not expire).

- **ICUT**-Communications User Qualification under *Communications* in **LMS** (does not expire).

- **Aircraft Ground Handling Training** and exam under *Operations* in **LMS** (every two years).

- **CAPT 117**-ES Continuing Ed. **Parts 1 & 2** under *Emergency Services* in **LMS** (do not expire).

- *FEMA IS-100* Introduction to Incident Command System (ICS) test (does not expire).

  - FEMA will email your completion certificate as a PDF file. **Save** it to your computer.

  - Manually upload this certificate in **eServices** (**Operations>Operations Qualifications>Emergency Services>SQTRs>View/Enter Worksheet**).

    - Select **(MS-Mission Scanner)** from the Achievement drop-down list.

    - Click **(View/Upload Documents)** to display the upload window.

    - Select **(IS-100)** from the drop down list.

    - **Browse** to the location of your saved certificate (PDF file).

    - Press **(Upload ES Files)** button.

- *FEMA IS-700* National Incident Management System (NIMS) test (does not expire). Repeat steps for 100 *(in bold above)* to upload your certificate, but select **(IS-700)**.

Hands-On Training

Note: You cannot fly as MS Trainee crew member until your initial Prerequisites *and* Familiarization & Preparatory *SQTR tasks have been approved by your unit Commander.*

- Study the *Mission Scanner Task Guide* at *NESA Aircrew Emergency Services Curriculum* for a complete set of task guides specific to the MS rating.

- After completing a task with a qualified trainer, update your SQTR achievement page in **eServices** (**Operations>Operations Qualifications>Emergency Services> SQTRs>View/Enter Worksheet**).

  - Select **(MS-Mission Scanner)** from the Achievement drop-down list.

  - For each completed task, enter *date of completion* and *trainer's CAPID*.

- After completing all tasks and two MS training sorties, (**Submit**) for unit and wing approval.

<h1 style="text-align: center; color: #c0504d;">Qualified Mission Scanner – most important aircrew position!</h1>

Note: Within 24 hours (usually) of Wing approval, your pending SQTR status will change to approved with an expiration date.

• Print out your CAPF 101-Operational Specialty Qualification Card.

   o **eServices (Operations>Ops Quals>EmergencyServices>101 Card)**.

   o Click links at bottom to upload your approved photo and/or print your 101 card.

• Always carry it with you. You will need to present your **current 101 card** and **CAPID card** in order to fly as a Mission Scanner aircrew member.

• Within 3 years, repeat the SQTR>"Advanced" task section and two sorties, to resubmit your qualification.
